

Scientific Publication Scholarship Award Biosystems and Agricultural Engineering

- Description of Award:** This scholarship award is intended to recognize the contributions of graduate students in Biosystems and Agricultural Engineering who publish findings of scholarly work they initiate and conduct in partial fulfillment of graduate degree program requirements in the department.
- Reason for Award:** To recognize and foster graduate student interest in the timely publication of peer-reviewed, scientific journal articles.
- Criteria:** Graduate students enrolled in either M.S. or Ph.D. programs (full or part-time) in Biosystems and Agricultural Engineering and who are in good academic standing with the Graduate School will be eligible for this award. Complete applications must be received no later than 6 months post-graduation.
- Amount of Award:** \$250 for the first peer reviewed scientific journal article submitted and \$250 for each peer reviewed scientific journal article appearing in print.
- Selection Process:** Award recipients will be selected by completing this application and submitting it along with a manuscript draft (first submission) or a galley proof or reprint (published articles) to the BAE Director of Graduate Studies. The application will be reviewed and approved by the BAE Research and Graduate Studies Committee.
