Student Ambassador Program 2016-2017

The College of Engineering (COE) Student Ambassador program is a prestigious group of highly motivated, dedicated, and outgoing students dedicated to the promotion of the College and the University of Kentucky. Ambassador’s play a pivotal role in explaining what it is like to be a new student exploring engineering/computer science majors and the value of that exploration within the UK College of Engineering. If selected these students must maintain the upmost integrity, leadership, character, and good academic standing (3.0+ CGPA) to maintain their position.

Qualifications:
- Positive and enthusiastic student enrolled in the COE
- Minimum 3.0 cumulative GPA
- Confident attitude with the ability to communicate effectively individually or to a group
- Willingness to volunteer when needed
- Goal-oriented, reliability, proven leadership, and strong time management skills

Responsibilities:
- To positively represent the COE, its staff, and the University of Kentucky
- To present information to prospective and newly enrolled COE students and their families in a variety of settings
- To be an active and productive member by attending required Student Ambassador training, meetings, and events as needed
- To serve as a student representative at COE at campus events

Requirements:
- Attendance at all training sessions and meetings
- Active participation in selected events each semester (achieve 25 Ambassador Points)
- Availability for possible weekend and evening programs
- Maintain 3.0 cumulative GPA

Specific Duties May Include, But Are Not Limited To:
- UK “see blue.” Preview Nights
- COE Grand Tours, E-Day, Come See Blue For Yourself, Family Weekend Breakfast, Merit Weekends, Call Center, Engineering LLP move-in, etc.
- Hosting prospect students to ‘shadow’ engineering/computer science courses
- Explore events to assist in representing, recruiting, and retention efforts for the COE
**Perks/Rewards:**

- Develop valuable leadership skills
- Meet and interact with new and future students
- Enhance communication skills
- Meet and interact with UK COE staff, faculty, and administration

**Compensation:**

Compensation for this role will be a $600 annual stipend. The funds will be awarded as $300 in the fall semester and $300 in the spring semester. If a COE Student Ambassador is also selected as a College of Engineering Peer Mentor, the annual stipend will increase to $1,000 annually. Peer Mentor responsibilities are defined in a separate job description provided by the Director of Special Programs for the College of Engineering.

**Authority:**

Any questions or concerns pertaining to the College of Engineering Student Ambassador program will be channeled through the Director of Recruitment and/or the Associate Dean of Academic Affairs. The UK College of Engineering Director of Recruitment or the Associate Dean of Academic Affairs may remove a Student Ambassador from their position at any time.
