Parking:

Please park in Parking Structure #5 (409 S. Limestone, Lexington, KY 40506). There are two entrances into the parking structure, and they are located on S. Limestone and S. Upper St. The parking structure is next to Kennedy’s Bookstore.

From there, follow the UK College of Engineering Campus Visit signs directing you to the Center for Robotics & Manufacturing Building, Room 323.

Directions to campus:
From I-75 South/North or I-64 West/East:

- Within the I-75/I-64 interchange in Fayette County, take the KY-922/AIRPORT, LEXINGTON exit 115.
- From the exit take Newtown Pike toward Lexington to W. Main St.
- Turn left onto W. Main St. You will drive past the Salvation Army Center and the Lexington Convention Center.
- Turn right on S. Upper St.
As you near the UK campus area on S. Upper, you will see a Fazoli’s on your left. After Fazoli’s, the entrance to Parking Structure #5 will be on the left.

Once you have parked, there is a pedestrian bridge that crosses over S. Limestone from the 3rd floor of the parking structure. It will take you over to campus.

Walk in front of the Main Building on Administration Drive. Turn left between the Main Building and the Gillis Building.

From there, follow the UK College of Engineering Campus Visit signs directing you to the Center for Robotics & Manufacturing Building, Room 323.

From Bluegrass Parkway:

- From the Bluegrass Parkway, take the U.S. 60 (Versailles Rd.) towards Lexington.
- As you come into Lexington, U.S. 60 (Versailles Rd.) becomes a one-way street called Maxwell St. Stay on Maxwell St.
- Turn right onto S. Upper St. There is a bicycle shop, Pedal Power, and a clothing boutique, Bella Rose, on the corner of Maxwell St. and S. Upper. (If you reach UK Good Samaritan Hospital, then you’ve gone too far.)
- As you near the UK campus area on S. Upper, you will see a Fazoli’s on your left. Immediately after Fazoli’s is the entrance to Parking Structure #5 on the left.
- Once you have parked, there is a pedestrian bridge that crosses over S. Limestone from the parking structure. It will take you over to campus.
- Walk in front of the Main Building on Administration Drive. Turn left between the Main Building and the Gillis Building.

From there, follow the UK College of Engineering Campus Visit signs directing you to the Center for Robotics & Manufacturing Building, Room 323.

From U.S. 27/Nicholasville Rd:

- As you near the UK campus area, Nicholasville Road will become S. Limestone and it becomes a one-way street in front of the campus. Shortly after S. Limestone becomes a one-way street, the entrance to Parking Structure #5 will be on the left. You will want to turn left into the entrance. Kennedy’s Bookstore is immediately after Parking Structure #5.
- Once you have parked, there is a pedestrian bridge that crosses over S. Limestone from the 3rd floor of the parking structure. It will take you over to campus.
- Walk in front of the Main Building on Administration Drive. Turn left between the Main Building and the Gillis Building.

From there, follow the UK College of Engineering Campus Visit signs directing you to the Center for Robotics & Manufacturing Building, Room 323.
