

## **TASK FOUR (DUE 2/15/2005)**

*Objective: Formation of multiple groups and generation of project topics.*

In this task, students will divide themselves into different groups and decide upon a project for pre-proposal stage.

Here are the essential guidelines for group formation:

- Each group must contain either two, three or four people.
- The originator or leader of each group will get additional 5% points for that position.
- Also, 5% points will be awarded to each member of a group which consists of four people.
- In addition, 20% points will be given to each student for being in a group.
- Lastly, 70% of the individual grade will be based on the engineering notebook description of the following:
  1. List of group members. (10%)
  2. Abstract of the basic idea that the group will implement. (20%)
  3. Biographical sketch, just his/her bio in his/her notebook. (20%)
  4. Description of the motivations and decision process in choosing the project. (20%)
