Judging between 1:30pm to 3:00pm

Winners announced: 3:00pm to 3:30pm

Question & Answer session 3:30 to 4:00pm

WHAT IS SENIOR DESIGN DAY?

Senior Design day is an opportunity for ECE students to show off their engineering skills and ideas. There will be a wide variety of projects presented by the student designers. The presentations are not just limited to senior design projects, all undergraduate and graduate students are encouraged to bring their own projects or poster boards for presentation. These can include independent studies and/or thesis research. The format is open and informal and may include poster boards or actual gadgets. Participants are welcome to present anywhere in the timeframe of 1:30pm to 4:00pm. Judging will be performed between 1:30 and 3pm and winners will be announced shortly after 3pm.

Please distribute the attached flyer to persons who would be interested. Thanks!
