Tom Fields

Tom graduated with a Bachelor of Science in electrical engineering December 1994. He is a Senior Technical Staff member at Lexmark International in Lexington, KY. His 25+ year career at Lexmark has focused on many aspects of embedded systems electronics. Tom's work has spanned mono electrophotographic (EP) printers, inkjet, and color EP printers. Specific areas Tom has worked in include embedded firmware, ASIC design, dynamic system analysis, print quality, electrical packaging, embedded system design, EMI/EMC, safety compliance, and system modeling. Tom's responsibilities have allowed him to work collaboratively with many component providers, manufacturing partners, and development partners.
