AN ALUMNI BRICK CAMPAIGN

 College of
Engineering

 College of
Engineering

The Pathway of Innovation

The Pathway of Innovation is supported by the University of Kentucky College of Engineering Alumni Association (UKEAA). Funds generated by the program are used to support student programs, events, activities and the Engineering Alumni Association Leadership Scholarships. The Pathway of Innovation is a key component of the UKEAA's efforts to engage alumni, faculty and staff, while recruiting prospective students and preparing current students for successful careers.

Just in time for the holidays-souvenir bricks are now available and make the perfect gift for UK Engineers. They are engraved with your sentiments and can be showcased in your home or office.

As a holiday bonus, purchase a 4x8 or 8x8 brick by December 1 and receive a free UK Engineering t-shirt!

You may imprint your brick with a name and class year, a special group, a dedication to someone special or a message stating your affiliation with the College of Engineering. The options are endless and all contributions are available for a tax deduction.
